ALI ELMORSHEDY

Full-Stack Developer | React.js, Next.js, Node.js, TypeScript

Cairo, Egypt (Hybrid / On-site ready) | +20 106 721 9108 | alielmorshedy10@gmail.com | github.com/3liElmorshdy | linkedin.com/in/alielmorshedy

PROFESSIONAL SUMMARY

Full-stack developer (ITI graduate) building end-to-end web applications: responsive React.js / Next.js / TypeScript front ends backed by Node.js, Express and MongoDB REST APIs. Hands-on with secure authentication (JWT access/refresh rotation, OAuth, role-based access), Stripe payment flows, integration testing and cloud deployment. Strong foundation in component-based architecture, state management (Redux Toolkit) and performance optimization, with experience collaborating on API contracts in Agile teams.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Redux Toolkit, React Hooks, Context API, React Router

Backend: Node.js, Express, RESTful API design, JWT authentication, OAuth (Google), Role-Based Access Control, Stripe webhooks, Firebase

Databases & Storage: MongoDB (Mongoose), MongoDB Atlas, Firebase, Cloudinary

Security: JWT access/refresh token rotation, httpOnly cookies, Helmet, rate limiting, input sanitization, password / token hashing

Styling / UI: Responsive Design, Tailwind CSS, SASS, Bootstrap, Framer Motion, Accessibility (WCAG)

Testing & Debugging: Jest, Supertest, React Testing Library, Cypress, Chrome DevTools

Tooling & Deployment: Git, GitHub, GitHub Actions (CI/CD), Vercel, Render, Netlify, Vite, Webpack

Concepts: Full-Stack Architecture, Component-Based Architecture, Performance Optimization, Spec-Driven Development, OOP, Agile

PROJECTS

Tejwal Tour Booking Platform - React 19, TypeScript, Redux Toolkit, Node.js, Express, MongoDB, Stripe | **GitHub** | **Live Demo**

- Built and deployed a full-stack, installable PWA end to end: React 19 + TypeScript client (Vercel), Node.js / Express REST API (Render) and MongoDB Atlas database.
- Implemented JWT access/refresh authentication with token rotation and reuse detection (httpOnly cookies, hashed tokens), email-verified sign-up and Google OAuth; secured the API with Helmet, rate limiting and input sanitization.
- Designed an idempotent Stripe Checkout webhook booking flow, plus reviews, wishlist, and an admin dashboard with role-based access control.
- Wrote 29 integration tests (Jest, Supertest) covering authentication, authorization and payments.

Learnify E-Learning Platform - React, Redux, Firebase, Tailwind CSS, Framer Motion | **GitHub** | **Live Demo**

- Built an e-learning app with Firebase real-time authentication and course management.
- Cut load time by 1.8s (about 35%) through code splitting and lazy loading; used Redux for predictable state across complex data flows.

E-Commerce Platform - React, Responsive Design, SEO | **GitHub** | **Live Demo**

- Built a fully responsive storefront with SEO and performance optimization for better page speed and user experience.

EXPERIENCE

Application Developer Intern - React.js | Information Technology Institute (ITI), Alexandria | Feb 2025 - Jul 2025

- Completed an intensive React-focused program covering advanced component design, state management and modern frontend workflows.
- Built and deployed responsive React applications in an Agile setting, with performance optimization yielding up to 25% faster load times.
- Integrated RESTful APIs and implemented client-side routing (React Router), collaborating with back-end teammates on API contracts.
- Refactored UI into reusable components, reducing code redundancy by 30% across projects.
- Improved accessibility (WCAG) and cross-browser compatibility; debugged and tested features before release.
- Followed spec-driven development to keep implementation aligned with requirements.

EDUCATION & CERTIFICATIONS

ITI - Frontend Development Track (React, Angular, APIs) | Completed July 2025

Route Academy - React.js Professional Course | 2024

B.Sc. Surveying & Geographic Information Systems, Mansoura University | GPA 3.3 | 2018-2023 | Graduation Project: A+

ADDITIONAL

Languages: Arabic (Native), English (Professional Working)

Soft skills: Communication, Teamwork, Problem Solving

Military status: Completed
